The City of Fort Worth HPRP subrecipients will target two populations of households facing housing instability: 1) Individuals and families who are currently housed but are at risk of becoming homeless and need temporary rent or utility assistance to prevent them from becoming homeless; or need assistance to move to another unit (prevention) that is more financially feasible, and 2) Individuals and families who are experiencing homelessness (residing in emergency or transitional shelters or on the street) and need temporary assistance in order to obtain housing and become self-sufficient without government aid (rapid re-housing). Program activities include financial assistance through rental assistance, security deposits, utility deposits, utility payments, moving cost assistance, and motel and hotel vouchers. Housing stabilization will include case managment, outreach, housing search and placement, legal services, mediation, and credit repair. Data collection and administrative services will also be funded through the program. City will collaborate with emergency shelters, supportive service providers, neighborhoods, and businesses to carry out the program goals.
